## **ABATEMENT REQUEST**

Account # \_\_\_\_\_

Name: \_\_\_\_\_

Property Address: \_\_\_\_\_

Reason for request: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Has repair been made to address the issue? \_\_\_\_\_

\_\_\_\_\_

Please be aware that if an abatement is granted, this is a one-time opportunity – subsequent abatements will not be allowed. It is the responsibility of the property owner to ensure water conservation and manage any known leaks by using a licensed plumber for resolution of such problems. “Claims for abatement must be made in writing to the Board of Water Commissioners within 30 days of the billing date.” (Article VI. Bills, Barnstable Fire District Water Department Rules and Regulations adopted July 6, 1999). “The cost of repairing a service line will be the responsibility of the customer when the repair is made between the curb stop and the meter. This included repairs made to the meter cellar shut-off valve and check valve.” (Article IX Cost of Repairs, Barnstable Fire District Water Department Rules and Regulations adopted July 6, 1999).
